Advisory No : 05/2022

e-Way Bill - Search, View & Download

Sub : e- Way Bill - Issue of Advisory on Search, View and Download of e-way Bill functionality in ACES-GST Application – Reg.

The Bengaluru Zonal Unit of Directorate General of Systems and Data Management has been entrusted with development of E-way bill module in the CBIC-GST system. GSTN along with NIC has rolled out e-Way bill module for the taxpayers i.e., front end. This Zonal unit has integrated the ACES-GST application with the NIC's e-Way bill data.

Accordingly, a functionality to Search, View and Download the e-way Bill data is developed and is being rolled out. The search facility is enabled at Pan India Level for all the users. It has the following interfaces to search the e-Way bill data.

1. Search based on jurisdiction i.e., Zone, Commissionerate, Division and Range (ZCDR)
2. Search based on State.
3. Search based on various parameters like supplier, recipient, transporter, vehicle Number, Assessable value, Status, Tax Rates etc.
4. Search based on product details i.e. HSN Code, description of goods, etc.
5. Search EWB-03 based on IR number, name of the officer, state, period, place etc.

Further, "Display Assesse Profile" feature allows the user to view the Identity card of the taxpayer that includes details like Legal Name, GSTIN, Principal Place of Business etc.

Download:

This functionality is being rolled with following export and download features.

1. Export Current Page as MS Excel
2. Export Current Report as MS Excel

3. Download the current report with all fields as MS Excel

Due to technical limitations, the report generated for any given search criteria will fetch only 1000 records. If an e-Way bill contains multiple commodities, the details of each commodity will be generated and displayed as different records with the same e-Way bill no. The report will display the entire details of an e-Way bill. If the details of the last e-Way bill cross the 1000 record mark, then the details of that particular e-Way bill will not be displayed. In such scenarios, the no of records in the generated report will be less than 1000.

User Manual:

The step-by-step procedure in this regard has been detailed in the User Manual attached with this Advisory.

Availability of e-way bill data

E-way Bill data from 1stApril 2021 is currently available in the ACES-GST application. Further, in respect of the period prior to 1stApril 2021, the data is being processed incrementally and will be available in ACES-GST application. Part A of the E-way Bill data will be available in ACES-GST Application after completion of 4 days from generation of e-way bill and Part B of the E-way bill will be available after 4 days of expiry of the validity.

Mapping the ACL Permission Set:

Due to technical limitations, the access to the functionality is restricted to one officer in the formation (AC & above). The ACL Admins of the formations are advised to link "E-WAY BILL SEARCH" permission set to the field formation officer SSOID to start using this functionality.

Feed back:

Feedback on the same may be sent to Directorate General of Systems and Data Management, Bengaluru Zonal Office, Bengaluru (dgsystems-bengaluru@gov.in). For any queries please reach CBIC mitra helpdesk at cbicmitra.helpdesk@icegate.gov.in.

Enclosure: As above.

भवदीय, Yours Faithfully,

(R. SRIRAM)
ADDITIONAL DIRECTOR GENERAL
